A stylish lady who loved clothing and her dogs. Most recently her grand dog Suki with a pacemaker. She loved spending her summers at their cottage at Fork Lake – Diamond Lake enjoying the sun and nature. She loved to read, do cross words, sew, knit, do jigsaw puzzles, and the company of good friends, especially Lois Veitch. They spent many Sunday afternoons having tea and the mandatory chocolate dessert while chatting about life. She also looked forward to daily phone calls at 11am except for Sunday, where as she put it, "whether I need it or not it is shower time, so call me around two, it breaks up my day," from her daughter Donna. Edna lived on her own in her own home until 2 days before her 90th birthday. She lived for a brief time at Teck Pioneer Residence where she came to call home. Thank you to the staff, whom she came to love, for their patience and care of a very special lady. I cannot thank you enough. A huge thank you to DR WONG who helped me make the choices I needed to make and treated me with respect as I carried out her wishes. The world is a better place with doctors like you in it. To the wonderful nursing staff on the 4th floor of KDH, thank you, thank you, thank you for always being there to help and offer words of kindness. You will never be forgotten. To the doctors in emergency and their staff of nurses, thank you for all you have done to assist in her care. To Colleen and Cici Gil thank you for visiting and taking care to drop in when Bob and I could not be here. You will be remembered. To anyone I may have missed thank you.
